

INCIDENT ACTION PLAN: ACTIONS POST COVID EXPOSURE OR ILLNESS IN THE WORKPLACE

*** High risk contact** is defined as being <2m from a confirmed case for >15 minutes without wearing PPE (appropriate medical mask); household contacts.

Low risk contact is defined as contact with a confirmed case with adequate PPE, or at an adequate distance >2m, or for less than 15 minutes
Consider the risk to be lower if the source patient is wearing a surgical mask.

SCENARIO	ACTION	CONTACT TRACING REQUIRED?
Mild symptoms, Covid +	- Self-isolate for 10 days (notify employer). - Can return to work 10 days <u>after symptoms started</u>, if asymptomatic for two days. - Must wear a surgical mask for first 14 days back at work.	Yes
