Valuation for Land Reform and Expropriation

Johannesburg, 28 – 30 October 2024

Objectives

This course is designed to equip participants with advanced skills regarding the valuation of property to be acquired by the State under the provisions of the Property Valuation Act 2014, the Regulations to the Property Valuation Act and the Constitution. The course is offered jointly with the Office of the Valuer General. It is both theoretically rigorous and practical, providing a range of skills required for the determination of value as defined in the Property Valuation Act and the Regulations to the Act. On completion of this course, participants will be able to:

- Understand and apply the legal framework for valuation for land reform and expropriation.
- Understand and apply the conceptual framework for valuation for land reform and expropriation.
- Understand and apply methods and techniques relevant for valuation for land reform and expropriation.
- Determine the value of property in terms of the Property Valuation Act and the Regulations to the Act.
- Understand and apply the legislative valuation report writing requirements.

Course Content

- The legal framework for valuation for land reform and expropriation.
- The conceptual framework for valuation for land reform and expropriation.
- Valuation methods and techniques.
- Determination of value in terms of the Property Valuation Act, and the Regulations to the Act.
- Valuation report writing.

Course Format

The course is intensive and will take place over three days and consists of lectures as well as simulated examples and case studies. Day 1 will focus on the legal and conceptual foundations of valuation for land reform and expropriation. Day 2 will be devoted to the interpretation and analysis of financial statements. Day 3 will concentrate on procedures for the determination of value in terms of the Property Valuation Act and the Regulations to the Act, and on valuation report writing.
